Place

We sell & install  
**Anti-Slip Treatment**  
for Tubs, Showers & Ceramic Floors

**Say goodbye to slippery...**

We can significantly reduce slip & fall injuries

Slips and falls are the #1 cause of injury in the home  
#1 injury-related accidents to end up in the Hospital Emergency Room  
1 out of 3 Seniors (33%) will fall at least once this year  
The bath tub/shower area is the most dangerous area for falls in the home  
Most Seniors, after a bad fall, never recover 100%  
The average cost of a fall is \$12,470

**After our anti-slip treatment you will feel a dramatic increase in traction on wet tile floors, porcelain tub bottoms & ceramic tile shower floors.**

- Entire bottom of the bathtub/shower is truly "anti-slip" protected.
- No downtime, odor and ready to use immediately after application.
- No change in the look of the bathing surface (just a pristine and clean bathtub/shower/floor)!
- Not a coating that wears off in a few months.
- Better than a single bath mat, set of strips or appliques that do not provide adequate protection, that harbor dirt and disease and that need constant replacement!
- Does not compromise the integrity of the bathing surface material.
- Environmentally safe.
- Does not smell.
- Lasts up to 3 years!
- Typically the wetter the bathtub, the more effective the slip-resistance.
- Provides added security for children, disabled and senior citizens
- Meets American Disabilities Act (ADA) specifications.
- Exceeds the U.S. Government ASTM Specification F462-79 Consumer Safety

ONLY  
**\$99** PER TUB  
Discount on 2 or more...  
(Some conditions apply)

Not a coating that will wear off—but an "Invisible Microscopic Tread" that significantly increases the co-efficient of friction and reduces the problem of slippery-when-wet surfaces

**Protecting you, your children, your parents & guests...**
